

ParentsWeb Instructions and Information

ParentsWeb is the parent side of our RenWeb school software that will keep you connected with the teachers and school. You will also be able to view your financial information.

There is a link on the ACS website under RenWeb that will get you started.

When you get to the "RenWeb ParentsWeb Login," **NEW PARENTS** should enter the District Code (ACS-IL), enter your username (your email address), then click on the "Create New ParentsWeb Account." **Re-enrolling families** enter the district code, email address, and your password from last year. If that doesn't work, just click "Forgot Username/Password" and a new password will be emailed to you.

When logged in, take a moment to review your personal data under the Family Information dropdown on the left side of the screen. Please make any changes....phone numbers, emergency contacts, etc.

For your convenience, supply lists, handbooks, health forms, and summer reading are accessible on the FORMS section of the Middle School or High School tab on the school's website, www.aurorachristian.org.

The calendar is also available on the school website and on ParentsWeb.
